

IN THE SPECIFICATION:

In Paragraph [0145] beginning on page 20:

[0145] FIG. 24 is the code table used in the procedure of the second embodiment. In this embodiment, the figure P in FIG. [[28]] 17 is represented by a chain of twenty-six triangles as is shown in FIG. 23. The folding of the chain is encoded into a sequence of 0 and 1 using the table of FIG. 24.
